

Welcome Jordan Cantwell

We are thrilled to welcome Jordan Cantwell into ministry with the St. Martin's community. Jordan is currently the moderator of the United Church of Canada and will be joining our ministry team in November of 2018.

Through her previous experience and her experience serving the national church, Jordan brings an “understanding of the ministries that are possible when folks are open to being led in new and challenging ways by the Spirit.”

She tells us "Some of the passions I bring to ministry include: longing for our churches to be places of welcome and respect for the most marginalized; fervent desire for right relationship with Indigenous Peoples and the land; commitment to ecumenical and interfaith engagement; conviction that young people have much to teach us about faithful discipleship; seeing the gospel as a way of life, not a set of beliefs." We are excited to explore and share those passions with Jordan.
